Target version:	0.2.1		**Spent time:**	1:00 hour

Description

The current version (Almirah gem version 0.2.0) allows to add the following paragraph:

[SRS-001] This is a controlled paragraph with recursive link >[SRS-001]

In this case the actual link does not work, however it introduce the mess into the document traceability.

It was decided to ignore the up-links to the self document with no message.
